- ◆ Leadership & Management Skills
- ◆ Managing your Numbers—5 Star & Quality Measures
- ◆ Clinical programming
- ◆ Surveys—reviews, prep & writing plans of correction
- ◆ Incident Reports—understanding the process
- ◆ How to Utilize the ISDH Portal, Review of Top Tags
- ◆ MDS/Care Plans—how to ensure compliance & accuracy
- ◆ How to Effectively Utilize Your Interdisciplinary Team
- ◆ Budgets
- ◆ Mitigating Risk
- ◆ QAPI Programs
- ◆ Handling Complaints
- ◆ Onboarding New Staff
- ◆ Staffing – Retention, Turnover & Delegating Responsibilities
- ◆ Preventing Falls & Restorative Nursing

Trainers: Lori Davenport, RN, Director of Regulatory Clinical Affairs for IHCA/INCAL

Lori's responsibilities included directing and supporting global implementation and education of clinical programs and establishing best practices to support post-acute care strategies for a nationwide business portfolio. Lori has worked in several capacities in her 30 year nursing career including Director of Nursing Services, Director of Quality & Risk Management, and Executive Director for a Home Health agency serving a tri state area.

Deborah Lake, RN, Supervising Consultant for BKD

Deborah is an MDS consultant with BKD. She concentrates on Medicare and case-mix reimbursement in the long-term care industry and on completion and coordination of the RAI/MDS. Her experience includes positions as Director of Nursing, Staff Development Coordinator, Regional Director of Clinical Reimbursement and Corporate Nursing Consultant. Deborah graduated from Lutheran Hospital School of Nursing in Fort Wayne and attended Ball State University. She is credentialed by AANAC as a Resident Assessment Coordinator (RAC-CT) and has served as a corporate master trainer.

Jeri Lundgren, RN, BSN, PHN, CWS, CWCN, CPT, President of Senior Providers Resource

Jeri Ann Lundgren has been working in Long Term Care since 1990. She has focused on the effects of immobility and worked with Exercise Physiologists, Physical Therapists, Personal Trainers, Ergonomics and Nursing to develop falls prevention and mobility enhancement programs. Her extensive background in long term care nationally includes: director of nursing, survey management, litigation support, wound care consultation, program development, clinical expert for several state Quality Improvement Organizations and Departments of Health.
