

Dear IHCA Member,

I'd like to introduce the National Retrofitting Group (NRG)! We are assisting the Indiana Health Care Association membership with all of their lighting retrofit projects.

Recent Federal Government energy efficiency mandates make many current lighting applications **obsolete by June 2012!** Businesses need to address all available energy-efficient lighting applications **now**.

NRG would like to provide you a free, No-Obligation lighting analysis for your facility.

We will be in your area during the next few weeks and would like to show you how to save money with a more efficient lighting solution.

Here's how you benefit from our **turn-key retrofit solutions...**

1. NRG utilizes the latest proven technology to reduce lighting costs.
2. NRG handles all paperwork for you in securing access to your available Federal tax incentives and local utility rebates. Your up-front rebate pays for up to 50% of the entire retrofit.
3. Businesses typically experience ROI in less than 2 years
4. There's more! NRG clients receive the permanent benefit of up to 50%+ reduction in their overall lighting energy bill.
5. NRG offers the most up-to-date, experienced teams of lighting experts and installers in the Midwest to assist the IHCA membership in implementing a retrofit unique to each facility.

NRG gets your entire job completed successfully with our very simple process!

Our Retrofit Solution includes...

- A Free Analysis of your facility's lighting configuration
- A Free Proposal for your specific retrofit highlighting the cost-benefit analysis
- Complete Installation by our professional and expert team of installers
- Fast Installation with minimal disruption to daily business operations
- All available Tax Certification documents
- Deduction of any local utility rebates to be used toward your cost of retrofit
- ***No waiting! We pay rebate amount to you immediately!***
- Filing of all necessary paperwork with the utility to collect rebates.
- EPA Certification that removed bulbs have been recycled according to mandated EPA regulations

Please contact me today to set up your free lighting analysis!

I look forward to hearing from you!

Regards,
Doug Steger
