

Respecting Choices Last Steps Training

This opportunity is provided by Qsource of Indiana.

Join us for this free Advance Care Planning Last Steps Respecting Choices training.

Goal

Our goal is to provide six Respecting Choices Last Steps Facilitator training courses to healthcare workers to increase the number of trained facilitators in Indiana in order to improve quality care to patients and their families by May 2019. This training will provide the skills necessary to meet the patient where they are in their journey and honor their personal healthcare preferences in their last years of life.

What is required to receive certification?

- Completion of six online modules prior to the 8-hour on-site training
- Participation in one full day, 8-hour on-site training
- Certification approval by Respecting Choices Last Steps Instructor

Time

8:00am – 4:00pm
