Course Description:

November 28, 2017 all states begin a new computer-based survey process for long term care facilities. This coincides with implementation of Phase 2 of the new Requirements of Participation (RoP), and a newly revised State Operations Manual. Combined, this massive overhaul incorporates new survey procedures, new survey forms, new F-tags, and 41 new and updated investigative protocols (now called "pathways"). This webinar will highlight significant changes and strategies for compliance.

Projected Learning Outcomes/Course Objectives:

At the conclusion of this webinar, the learner will:

1. Identify significant differences between old and new survey process.
2. Understand how the new survey process is conducted.
3. Understand the Phase 2 provisions for limited enforcement remedies and what this means for facilities and impact on the 5 Star Rating System.
4. Explain strategies for survey success as the new process gets underway.
