OVERVIEW

Ivy Tech Community College is providing, *free of charge to facilities*, the five- (5) hour didactic portion of the PCA class. After completion of the class, the candidate will perform the three (3) hours of skills training at their facility with qualified facility staff.

DETAILS

- All virtual sessions must be delivered to a facility
 - Facilities will need to have copies of the resource supplement and procedure card available for candidates (links will be provided)
- Facility administration, Director Of Nursing, or designee will register all class attendees online (individuals cannot register themselves for this class)
- Facility is responsible for the three- (3) hour skills training at their facility
- Facility is responsible for all regulatory requirements of PCA candidates, including placement on registry once completed
- To register, please follow the registration links on the following pages by date and session.
