# We have the expertise to support you through this crisis

We're going to partner with leveraging our expertise & established assets to respond to the challenges of COVID-19 in your community

## We're Local

Our 9000+ stores reach 88% of the US population within 10 miles

## Know How

We combine COVID testing experience with intimate immunization know-how & five-star patient experience

## Distribution & Administration Models

Our strong relationships help secure safe supply from end-to-end

## Reporting & Tracking

We provide daily reporting to 49 states (+DC) and HHS, plus vaccine supply chain tracking & reporting

# We're training our seasoned workforce to become COVID-19 vaccine specialists

Starting with our pharmacy team on the ground vaccinating, we are building on every level to create a task force of **225,000+** people to serve the country.

75,000+ Pharmacy Team Members

5,000+ Support Center Employees

300+ Field Leaders

150+ Health Care Directors & Supervisors

9,000+ Store Managers

135,000+ Store & Distribution Employees

ILLUSTRATIVE

# Clinics are customizable for your residents

Clinic Format		
Central Location	Combination	Room to Room
<p>Considerations:</p> <ul style="list-style-type: none"><li>• Is the room well ventilated?</li><li>• How will patients enter and exit the room?</li><li>• How will residents know it is their turn?</li><li>• Will staff assist residents to the area</li></ul>	<p>If it works better for your residents, we can do a combination, please be prepared to inform us of which residents will be requiring door to door service</p>	<p>Considerations:</p> <ul style="list-style-type: none"><li>• Will Walgreens Team Members enter each resident room?</li><li>• Will sit outside their door?</li><li>• How will staff make the residents comfortable?</li></ul>

# We'll take care of the vaccine ordering, billing and reporting requirements

We have reporting and data integration across the end-to-end process from ordering through patient communications & follow-up

## Ordering & scheduling

- Vaccine Inventory tracking & reporting
- Pre-registration & patient screening

## Reporting & Administration

- Date & time, facility & address
- Product, manufacturer, & lot number
- Dose number
- Patient & provider-level information

## Billing

- Manufacturer / reconciliation & reporting

## Patient outcomes & communications

- Patient tracking & communications
- Additional care or guidance from pharmacy team, as needed

# Have you heard about cold chain? We'll handle it.

We have the operational processes in place at every turn to get the vaccine to you safely

## Team Member Training

Our teams will be trained continuously with the most up to date information to ensure the safety of your staff, residents and their families.

## Inventory Technician

This role will be designated to a tenured team member at each store, they will be responsible for inventory tracking, vaccine handling and preparation for transport.

## Storage & Handling

We are well equipped to handle vaccine requiring ultra cold storage temperatures. Our stores will be well stocked with all supplies, and equipment needed. Manufacturer instructions will be followed meticulously.

## Transportation

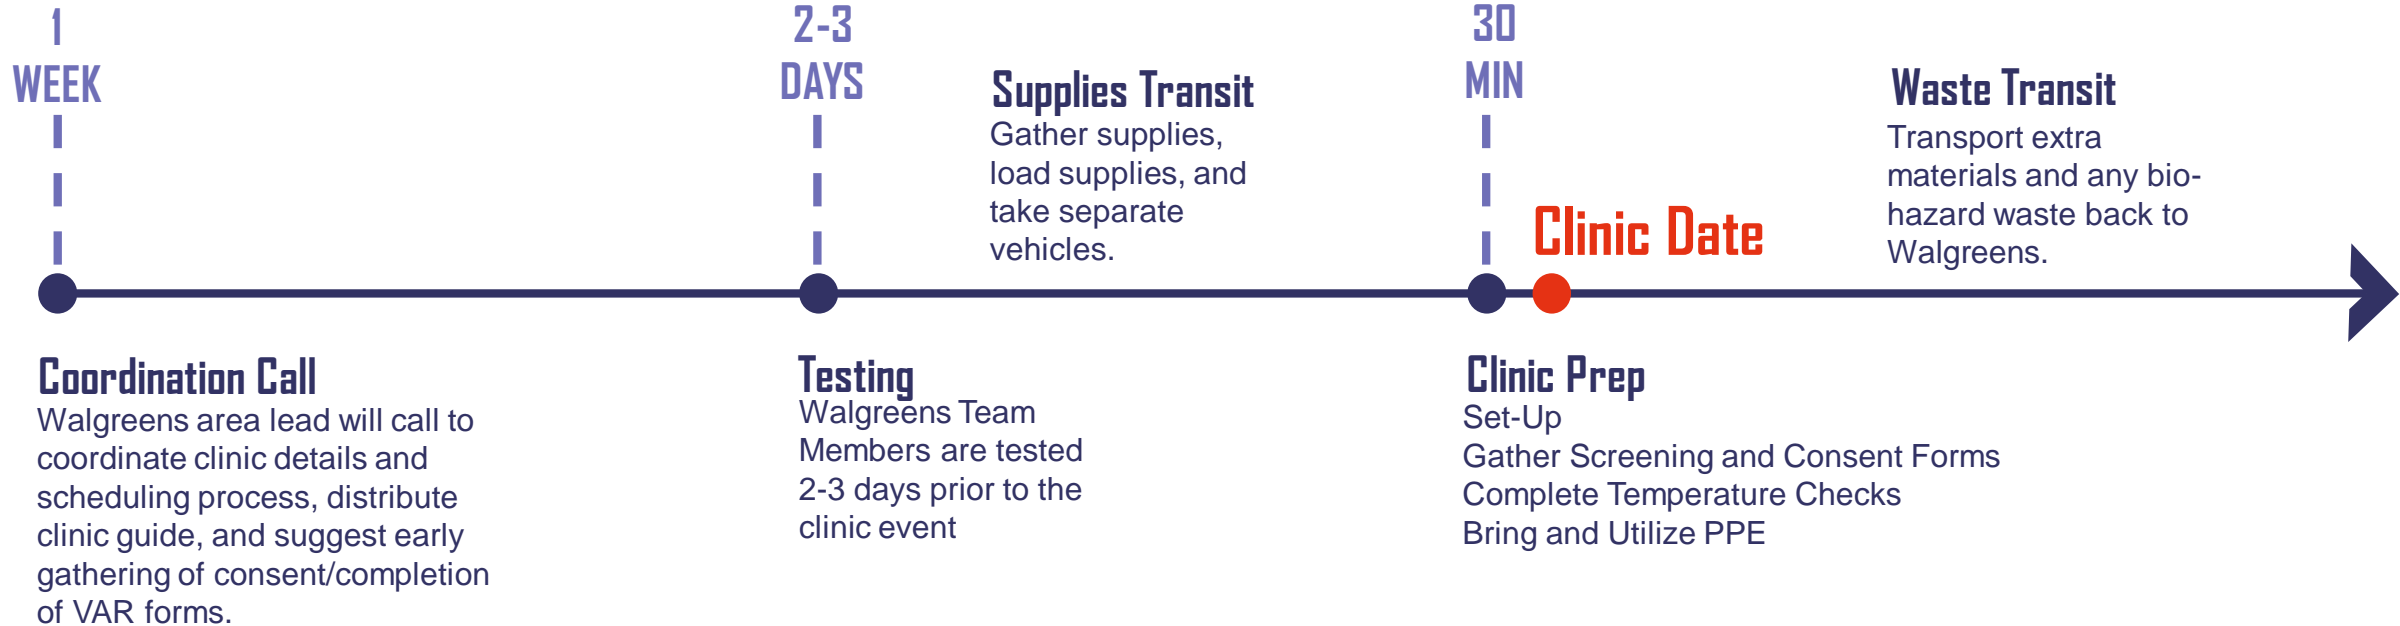

Using the required transport protocols we can bring the vaccine to your facility and leave nothing behind.

# What to expect

## Walgreens Preparation

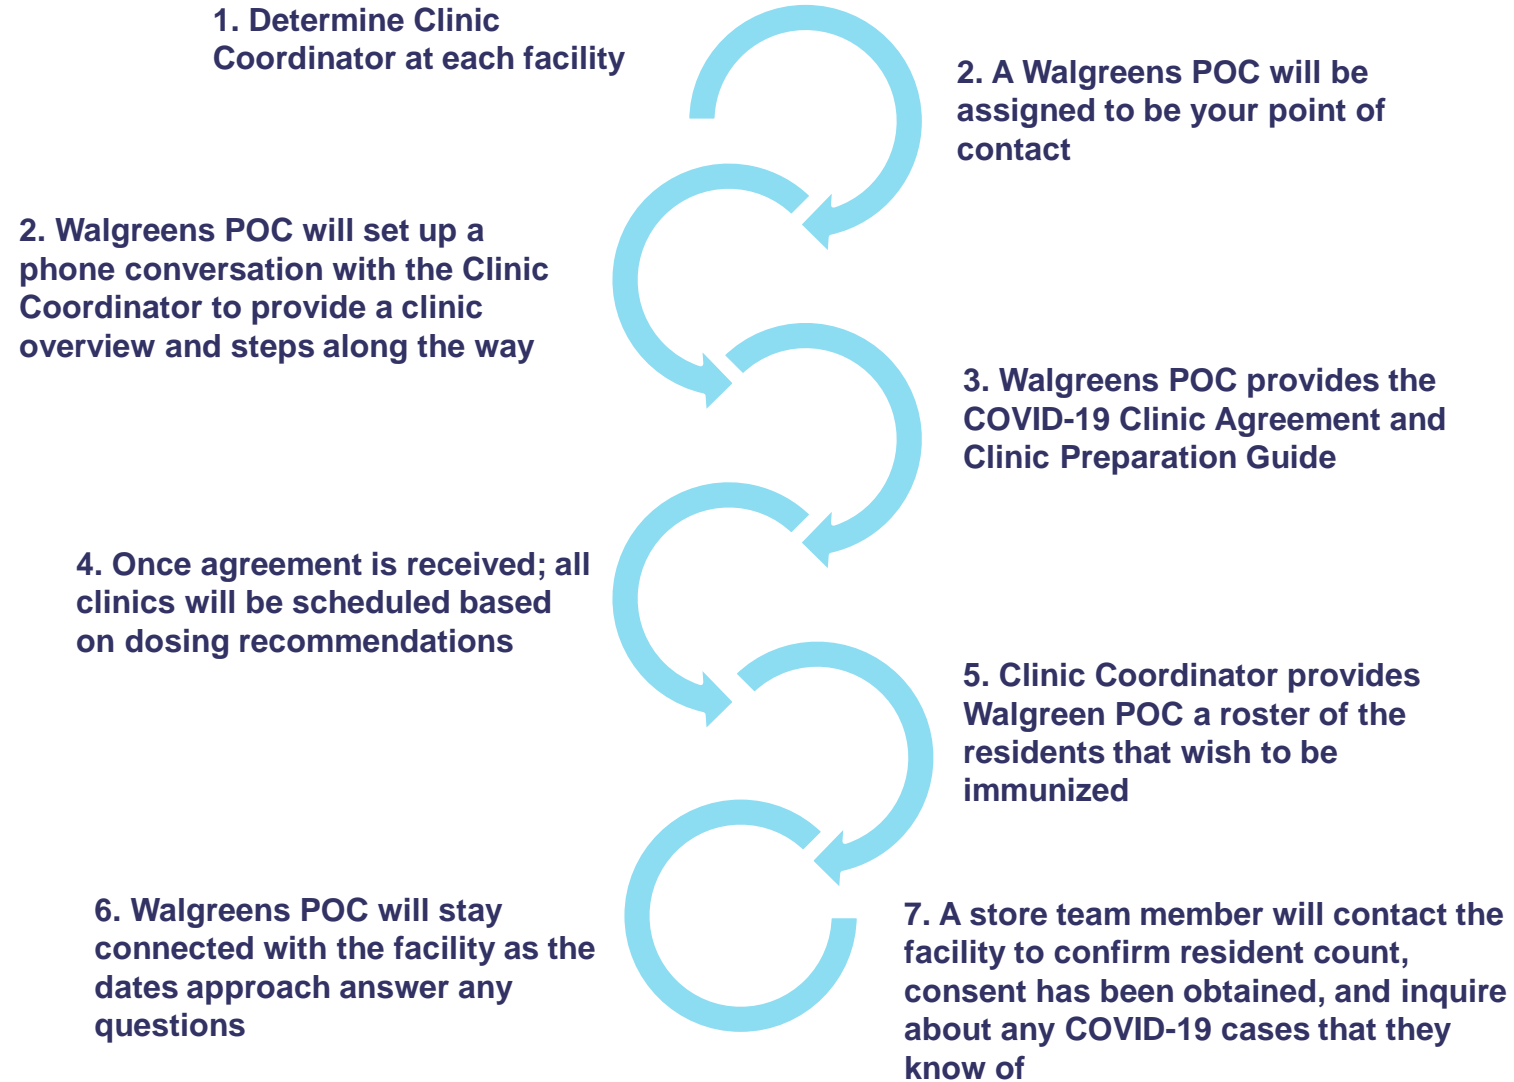

## LTCF Preparation

- Distribute Clinic Handout to residents
- Select clinic location within facility
- Determine if special accommodations are needed
- Seek consent from residents or their healthcare proxy

Inform Walgreens Area lead if there is a COVID-19 outbreak

# We will be in touch!

**Thank You**
