## Influenza Reporting – The Good and The Ugly

Kara Dawson, RN, BSN, RAC-CT  
Qsource

3

### The Good

- The information given last week around the data needed for reporting is the same
- The reporting can still be done weekly, monthly or one time as long as your reports are submitted by May 15, 2023
  - **Highly encourage you to report your influenza numbers at least on a monthly basis for easier tracking**
- Data is cumulative and any new data entered will replace any old data
- Data should include all HCP that worked in the facility for 1 workday (regardless of number of hours) during the influenza season

4

## The Ugly

- The place for reporting is different within NHSN
- There is no influenza tab any longer under the vaccination summary tab
- The process is somewhat cumbersome – but doable

5

## The Good

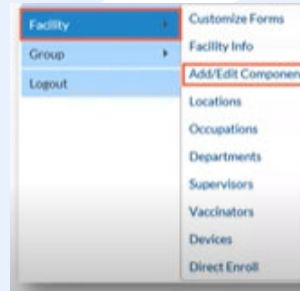

- We are going to walk you through the process step by step.
- NHSN slide deck and resources are available as handouts for your review if needed.

6

## Process for Reporting Influenza Data

- Each facility MUST activate the Healthcare Personnel Safety Component in NHSN
- Only the NHSN Facility Administrator listed in NHSN has the ability to add this component
- To see who your facilities NHSN Facility Administrator is you must log into NHSN –
  - Go to Facility Tab
  - Facility Info – scroll to bottom and under contact information look and see who is listed as the Facility Administrator

Contact Information

	Contact Type	Contact Name
Edit	Long Term Care Facility Primary Contact	McCallum, Mac
Edit	Facility Administrator	hostettler, teresa
Edit	Healthcare Personnel Primary Contact	dawson, kara

7

## Reassigning The Facility Administrator

- OPTION 1 (preferred option)-The preference is for the outgoing NHSN facility administrator to re-assign the role to a current or new NHSN user in the NHSN application before he/she is deactivated as a facility user (or is no longer working)
- OPTION 2: If the role of NHSN facility administrator cannot be re-assigned by the outgoing NHSN facility administrator, the facility must request NHSN to manually re-assign the role. This request can be made by completing the [NHSN Facility Administrator Change Request Form](#) (CDC 57.104)

### NOTE:

- The person signing the written request cannot be the same person being named as the new NHSN facility administrator
- This request could take up to 5 days to process and complete

8

## Adding Components

- The NHSN facility administrator can add/edit components within NHSN
- Each facility must add the Healthcare Personnel Component by
  - Clicking Facility Tab
  - Select Add/Edit Components
- Check the Healthcare Personnel Safety Component box and Update on bottom of screen – it will prompt you to assign a Healthcare Personnel Primary Contact

Components Followed

Followed	Component	Activated	Deactivated	Agreement Accepted	View Agreement
<input type="checkbox"/>	Biovigilance

<input type="checkbox"/>	Neonatal				
<input type="checkbox"/>	Outpatient Procedure				
<input type="checkbox"/>	Patient Safety				

9

## Adding Components (cont.)

- Once Healthcare Personnel Primary Contact is added you must again go to the Components Followed section and again click the Healthcare Personnel Safety Component box and make sure to click Update on the bottom of the screen

Comments

By saving these data in NHSN, facilities are agreeing to the following:  
 1. The data reported are consistent with definitions outlined in NHSN surveillance protocols (including tables of instructions and frequently asked questions).  
 2. The data will be sent to the Centers for Medicare and Medicaid Services (CMS) to fulfill CMS quality reporting requirements (when applicable).

14

## Reminders

- Any new data submitted will replace all older data
  - If you want to save each submission for your records make copies
- Recommended to submit data monthly – DATA IS CUMULATIVE! But must have a submission reflective of the entire influenza season (October 1, 2022, to March 31, 2023) by May 15, 2023
- If you need help to navigate through this process, please reach out to us
- DO NOT WAIT TO START THIS PROCESS - DO IT NOW.

## Guidance for Immediate/Emergency Discharge of Residents

- Nursing homes
- Assisted Living / Licensed Residential
- Guidance – covered next week in the weekly webinar
- Published in the LTC Newsletter – soon

17

## Question

- We recently hired a nurse from outside the US.
- The new employee reports getting vaccinated for COVID-19.
- The employee received AstraZeneca/Oxford vaccine.
- Is this acceptable in US ?

18

- Johnson & Johnson's Janssen

Vaccines listed for emergency use by the [World Health Organization \(WHO\)](#)  currently include those that are listed above and the following:

- [AstraZeneca/Oxford vaccine](#) 
- [Sinopharm](#) 
- [Sinovac](#) 
- [COVAXIN](#) 
- [Covovax](#) 
- [CanSino](#) 

19

### **If You Receive a Vaccine That is Not in the U.S. Accepted List Above**

- Wait at least 28 days after the last dose you received of that vaccine then start COVID-19 vaccination over with a COVID-19 vaccine that has been approved or authorized by the FDA.
- If the FDA has not approved or authorized a vaccine there may be limited data available or reviewed on the safety or effectiveness of the COVID-19 vaccine.
