Northern Indiana Regional Education Seminar

Calling infection preventionists and more!

The Indiana Department of Health is excited to announce regional education on MDROs with a focus on Project Firstline, carbapenemase-producing organisms (CPO), *Candida auris*, vancomycin-intermediate and vancomycin-resistant staph aureus (VISA/VRSA), Pan-drug resistant organisms, and infection prevention practices as they pertain to MDROs.

Infection preventionists, nurses, patient care attendants, environmental service workers, hospital leaders, and others are encouraged to attend.

**Agenda Items:**

- Project Firstline
- *Candida auris*
- Carbapenemase-producing organisms
- Vancomycin Resistance
- MDRO infection prevention
- Communicable Disease Rule changes
- Round Table

*Memorial Hospital South Bend Auditorium*

615 N. Michigan St., South Bend, IN 46601

**Sept. 8, 2023**

9 a.m. to 1 p.m.

*Attend virtually or in person.*

*Lunch will not be provided*
